

45th IATA Revenue Accounting

Meeting

13-15 September 2011 Miami, Florida

InterArc

InterArc provides BPO services to airlines in the intricate interline and sales processes by offering recovery of over-billings from interline partners.

InterArc combines proprietary web integrated technology with analytical expertise to find revenues on behalf of airline clients under a unique success fee approach. There are no up front costs to the Airline clients as InterAr is compensated a percent of recovered revenues.

InterArc has been successful in recovering multi-million Dollars/Euros in revenues for its airline clients based on a very high level of efficiency. InterArc is headquartered in Miami, Florida.
